Re: Dunmore Borough / Keystone Sanitary Landfill Phase III Application

Dear Mr. Spaide,

Please let this letter serve as formal notice that Dunmore Borough would like to reserve the right to contest the Phase III application for Keystone Sanitary Landfill.

As you know from a letter sent June 5, 2014, we have asked the opportunity to schedule a public hearing for the opportunity to address the environmental concerns that exist from both Council and our taxpayers. While we understand a completed application has not yet been accepted, we ask that you expedite such a meeting once the application is complete.

Further, we provided a letter to Keystone Sanitary Landfill on January 5, 2014 which stated our intention to not to object to the filing of the Phase III application. Since that time, a considerable amount of information has come to light, and as such, we ask that the January 5, 2014 be stricken from the record of any application submitted to the Department.

We appreciate your understanding and look forward to meeting with the Department to review the application and environmental concerns.

Very truly yours,

Dunmore Borough Council
